| ➤ <b>PEIMS (Your district's process, platforms used for data, ideas for continuous improvement, ect.)</b>            |                   |
| ➤ <b>Table Discussion / Group Share</b>  |                   |

**\*Next Meeting: December 1<sup>st</sup> at Deer Park ISD**

## PEIMS Coding; Industry Certifications; and the College, Career, and Military Readiness Indicator

When you submit this year's Fall PEIMS and code the class of 2017, you may have noticed that the industry certifications will not be collected for students who were on the Minimum/Recommended/Distinguished Plan. We are aware of the gap between this data collection of only Foundation HS Plan students and the CCMR indicator of a student earning an industry certification.

We encourage districts to note which students are on the former diploma plan in case this indicator affects their 2018 accountability rating enough to warrant an appeal.

Email from *This week in Performance Reporting: October 27, 2017* ([TXTEA@public.govdelivery.com](mailto:TXTEA@public.govdelivery.com)).

1. How does your table interpret the statement above?
2. Do you code based on intent? Do you use certain courses with all coherent sequences (i.e. Business Information Management, Touch Data, etc.)?
3. What process do you use in regards to verifying certifications indicator codes, contact hours, and personnel (PIC 22)?
4. What data system(s) do you use to collect student course and graduation information, and certifications? i.e. Bridges, Eduthings, ect.
